

THE NORTHERN RANGELANDS TRUST

What we do

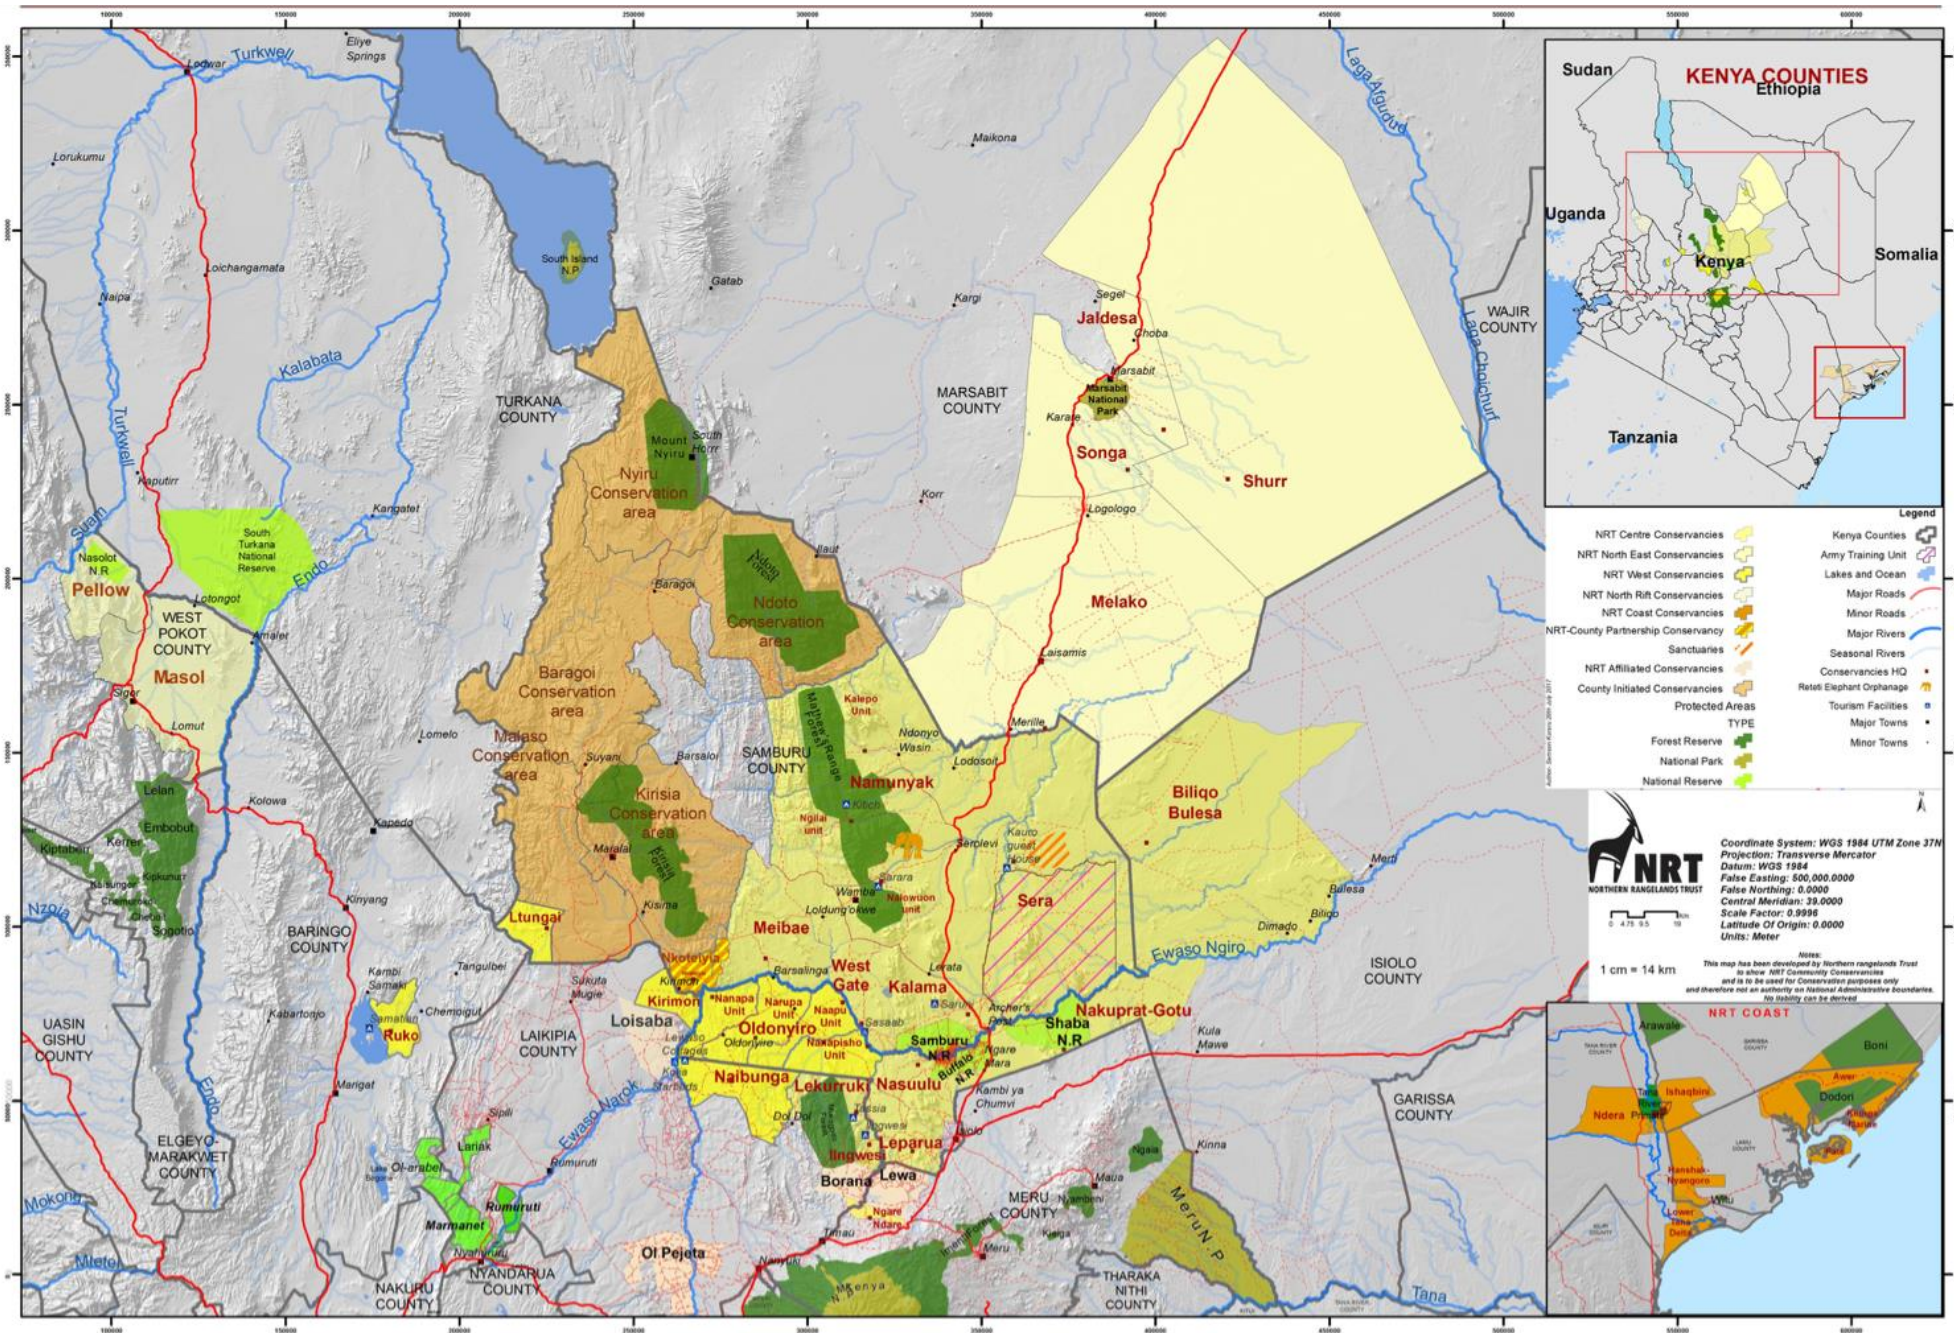

Develop resilient community conservancies that transform lives, secure peace and conserve natural resources

- 4.2 million hectares
- 500,000 people
- Diverse natural resources
- 10 counties
- 39 conservancies
- 18 ethnic groups
- Climate challenges
- Conflict

Strategic Plan 2018 - 2022

OBJECTIVE 1: GOVERNANCE

To strengthen the governance of Community Conservancies, and increase Government support to these conservancies.

- Output 1 - Well-governed community conservancies
- Output 2 - Supportive Government policies, laws and governance

OBJECTIVE 2: PEACE AND SECURITY

To build peace between ethnic communities and support Government in ensuring security for people and wildlife.

- Output 3 - Effective peace-building between ethnic communities.
- Output 4 - Effective community policing in support of Government security agencies

OBJECTIVE 3: LIVELIHOODS AND BUSINESS

To invest in community priorities for improving their lives, and create the conditions for growing jobs and businesses

- Output 5 - Equitable and responsive livelihood investments in conservancy communities
- Output 6 - Successful enterprises and financial services for households, community groups, conservancies and NRT Trading policies, laws and governance

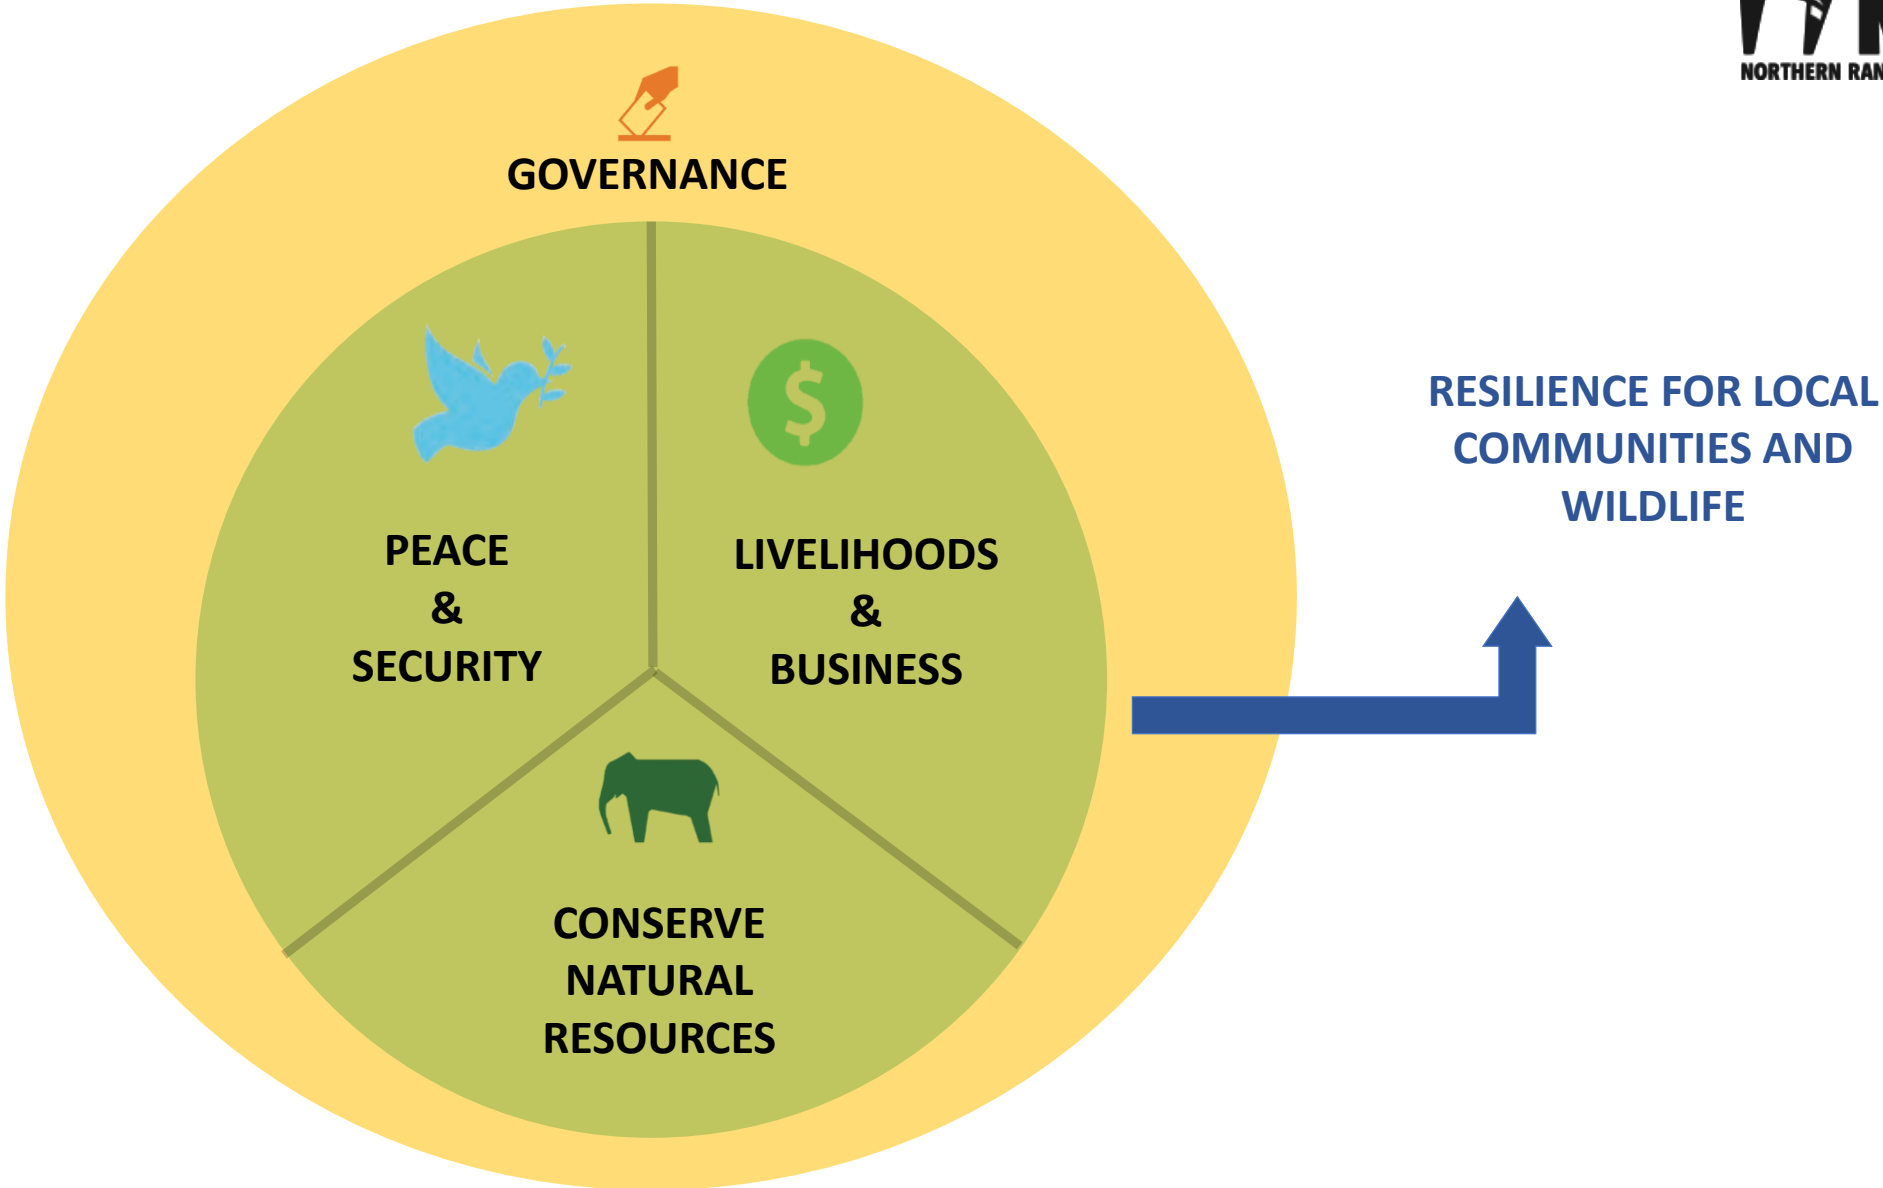

OBJECTIVE 4: NATURAL RESOURCES

To stabilise and improve the productivity of grasslands for livestock, and the health and diversity of the wildlife and natural resources which underpin the economy of northern Kenya

- Output 7 - Sustainable rangelands management systems
- Output 8 - Flagship species and habitat conservation
- Output 9 - Forest and marine ecosystem management systems

Strategic Plan 2018 - 2022

WILDLIFE

KENYA'S CONSTITUTION

Chapter 5, Article 61 (1) ensures:

- Sustainable exploitation, utilisation, management and **conservation of the environment** and natural resources
- **Equitable sharing** of the accruing benefits
- Protecting and enhancing intellectual property and **indigenous knowledge**, biodiversity and the genetic resources of communities
- **Public participation** in the management, protection and conservation of the environment
- Protecting genetic resources and **biological diversity**.
- Recognising **challenges** of climate change, population growth, property rights, markets, knowledge, technology and infrastructure.

VISION 2030

Promotes a vision of holistic and sustainable management of land and natural resources across Arid and Semi-arid Lands, with specific focus on:

- **Peace and security:** recognising the role of traditional institutions in dispute resolution
- **Human development & employment:** increasing institutional capacity and funding for arid lands, enhancing the direct benefits to communities from natural resources
- **Community land laws and regulation:** respecting the authority of customary systems of natural resource management, water access, dry season grazing
- **Natural resource management :** integrating traditional systems of natural resource management, intensifying environmental conservation efforts for water and rangelands
- **Drought resilience:** strengthening environmental planning and management

COMMUNITY LAND ACT

- Recognition, protection and registration of community land rights
- Management and administration of community land
- Role of county governments in relation to unregistered community land

OTHER DEVELOPMENT PRIORITIES

- Poverty alleviation and social protection
- Women's empowerment
- Green economy: green jobs, technologies, rangelands rehabilitation, conservation, eco-tourism
- Curbing illegal wildlife trade
- Family planning and reproductive health
- National Cohesion and Integration

KENYA WILDLIFE SERVICE

- Community conservancies have a significant role in new wildlife strategy.
- Kenya Wildlife Conservancies Association (KWCA) is a strong national lobbying agency, and all NRT conservancies are members

COUNTY GOVERNMENT

- Newly elected 2017-2022
- Fresh mandates and growing support for conservancies
- Priority sectors in County Integrated Development Plans include livestock, rangelands, water, tourism, wildlife and drought
- Conservancies can be major local institutions for delivery of county services and investments

ENDING DROUGHT EMERGENCY

- Adaptation to climate change and more frequent droughts
- Building resilience of people and ecosystems
- Investments in sustainable development, including peace & security, livelihood adaptations, managed water, productive rangelands

OBJECTIVE 1: GOVERNANCE

To strengthen the governance of Community Conservancies, and increase Government support to these conservancies.

- Output 1 - Well-governed community conservancies
- Output 2 - Supportive Government policies, laws and governance

OBJECTIVE 2: PEACE AND SECURITY

To build peace between ethnic communities and support Government in ensuring security for people and wildlife.

- Output 3 - Effective peace-building between ethnic communities.
- Output 4 - Effective community policing in support of Government security agencies

OBJECTIVE 3: LIVELIHOODS AND BUSINESS

To invest in community priorities for improving their lives, and create the conditions for growing jobs and businesses

- Output 5 - Equitable and responsive livelihood investments in conservancy communities
- Output 6 - Successful enterprises and financial services for households, community groups, conservancies and NRT Trading policies, laws and governance

OBJECTIVE 4: NATURAL RESOURCES

To stabilise and improve the productivity of grasslands for livestock, and the health and diversity of the wildlife and natural resources which underpin the economy of northern Kenya

- **Output 7** - Sustainable rangelands management systems
- **Output 8** - Flagship species and habitat conservation
- **Output 9** - Forest and marine ecosystem management systems

Opportunities to use the community
conservancy governance model as a platform to
deliver
a multi sector approach
