

Do you want to become a Conservation Leader? ALU is currently offering Conservation Leader Scholarships!

## Career Opportunities

### **Africa Conservation Director**

**Location:** Nairobi, Kenya

The Nature Conservancy is looking to fill an Africa Conservation Director position. She/He will help negotiate complex and innovative solutions with government agencies, major institutions, and landowners to conserve and protect natural communities, and develop and implement cutting edge conservation strategies in a high profile geography and major philanthropic market. The Conservation Director will disseminate best practices to the conservation team in Africa, ensure training and analyses to best implement organizational measures of success, and help develop key partnerships. She/He will also play a key role in fundraising and reporting to donors and helping the strategy and Country teams to maintain key relationships.
